**RULING**

I have considered the application of the applicant dated 14.3.2019 and the response from the learned prosecutor. This application seeks that the period applicant took in custody pending hearing and determination of his case be factored in his sentence. The application is not opposed by the state.

I accordingly therefore allow this application dated 14.3.2019 brought under section 333(2) of the Criminal Procedure Code. Applicant remains sentenced to serve 15 years imprisonment as ordered by the lower court. The said sentence to run from 9.3.2013 the date the applicant took plea. Orders accordingly.
