**RULING**

3. Revision of an order or decision of a court, including sentence, is sought where the same is illegal, irregular and improper. I see nothing irregular or improper or incorrect about the sentence order. I do not think that there is any basis for interfering with it.
4. Secondly, the sentence was pronounced on 30<sup>th</sup> April 2019. The review or revision is being sought on 11<sup>th</sup> February 2025, some 6 years after the event. No time limit is set for revision, but since it is a post-judgement and sentence measure, it ought to be sought within reasonable time, close to what is provided for with respect to appeals, within 14 days. I see no explanation for the delay.
5. It would be advisable for the applicant to seek parole or clemency, from the Executive arm of government.
6. The Deputy Registrar shall cause a certified copy of this ruling to be made available to the applicant, for information, through the officer commanding the prison where he is serving sentence. Orders accordingly.
