**RULING**

1. A ruling was scheduled to be delivered on 22.5.2011, in respect of the application dated 25.9.2015.
2. On 10.5.2018 when the matter came up for the hearing of the aforementioned application, the court was informed that the service had been affected.
3. When I retired to write the ruling and I perused the file, I found that the hearing notice attached to the affidavit of service indicates that application was to be heard on 10.7.2018. Obviously this is a wrong date. As such, I direct that serve be effected all over again upon the respondents. In the circumstances the delivery of the ruling is suspended.
